Subject: "Scottish Citylink Inquiry: notice of proposal to accept undertakings"

Ms Jolly,

Park's of Hamilton (Coach Hirers) Ltd would like to take this opportunity to reinstate our previous stance as a supporter of the JV. We have a good working relationship with the parties concerned and can see no need for divestiture. We believe that the JV has created many passenger benefits, especially on the Saltire Cross routes. In addition, as the JV have indicated that they are prepared to be regulated by specific undertakings if necessary, we see no reason why the CC would not accept this.

Regards

Michael Andrews
