

**Undertakings given to the Competition Commission by Stericycle Inc,
Stericycle International LLC, Stericycle International Limited and
Stericycle Ireland Limited**

Whereas on 28 June 2006 the Office of Fair Trading (the OFT) referred the acquisition of Sterile Technologies Group Limited (now Stericycle Ireland Limited) by Stericycle International LLC (the acquisition) to the Competition Commission for investigation and report under section 22 of the Enterprise Act 2002 (the Act).

And whereas the Competition Commission published a report entitled *Stericycle International LLC and Sterile Technologies Group Ltd A report on the completed acquisition of Sterile Technologies Group Ltd by Stericycle International LLC* on 12 December (the Report).

And whereas:

1. the Report concluded that:
 - (a) the acquisition was the creation of a relevant merger situation;
 - (b) the creation of that relevant merger situation has resulted and may be expected to continue to result in a substantial lessening of competition within the market for the supply of the services of high temperature treatment of healthcare risk waste in northern England, the north Midlands, north Wales, the West Midlands and south-east Wales (the SLC) with the adverse effects of prices for the high temperature treatment of healthcare risk waste in excess of those that would otherwise prevail and costs for treatment services for waste requiring high temperature treatment for the providers of healthcare risk waste collection services in excess of those that would otherwise prevail, and access to high temperature treatment for the providers of healthcare risk waste collection services worse than would otherwise prevail (the adverse effects);
 - (c) the Competition Commission should take action to remedy the SLC and the adverse effects flowing from it; and
 - (d) to that end undertakings should be offered and accepted to give effect to the remedies identified by the Competition Commission at paragraphs 8.108 and 8.109 of the Report in accordance with the provisions of part 8 of the Report

And whereas:

2.
 - (a) the Vendors have applied to the Competition Appeal Tribunal (CAT) for a judicial review of material decisions and conclusions made and reached by the Competition Commission as set out in the Report; and
 - (b) the Competition Commission has acknowledged that the obligations of the Vendors in relation to the appointment of a Divestiture Trustee and any other related obligations on the part of the Vendors should not apply if and to the extent that (i) the Competition Commission agrees in writing to suspend any or all of the said obligations in whole or in part; or (ii) any or all of the said obligations are suspended or cease to apply, in whole or in part, in consequence of any interim or final order of the CAT or any other court of law made in connection with the Vendors' application to the CAT under s120 of the Act.

Now therefore Stericycle Inc, Stericycle International LLC, Stericycle International Limited and Stericycle Ireland Limited give to the Competition Commission on behalf of themselves and their subsidiaries the following undertakings under section 82 of the Act for the purpose of remedying the SLC and the adverse effects resulting from it.

Annex to Part I

Principles for the division of tenders for new business between Stericycle and STG

Definitions

'Customer' shall mean an entity or part of an entity that enters into contracts for the provision of healthcare risk waste management services;

'Incumbent Brand' shall mean the brand under which services are being provided to the customer;

'New Business' shall mean new work, whether or not for an existing customer;

'STG brand' shall mean a brand owned by Stericycle Ireland Limited (formerly Sterile Technologies Group Ltd);

'Stericycle brand' shall mean a brand owned by Stericycle International LLC and/or Stericycle International Ltd including but not limited to White Rose Environmental (WRE);

Principles

1. If either an STG brand or a Stericycle brand is the Incumbent Brand then only the Incumbent Brand will submit a tender.
2. If a Customer is an existing Customer of both STG and Stericycle then the company that received the greater revenue from that Customer in the 12 months preceding the date of the tender request shall submit a tender.
3. If the Customer requires a certain specification that only STG or Stericycle can meet eg 820l or 770l bins then only STG or Stericycle (as appropriate) will submit a tender.
4. Where neither an STG brand nor a Stericycle brand is the Incumbent Brand, but where one or other of STG or Stericycle has previously provided services to that Customer, whichever of them has most recently provided services to that Customer shall submit the tender.
5. Where neither an STG brand nor a Stericycle brand is the Incumbent Brand and where neither STG nor Stericycle has provided services to that Customer, and provided both STG and Stericycle can meet the Customer's specification [X] shall choose which brand should submit the tender, taking into account the following principles (not listed in order of importance):
 - logistics of collecting and disposing of the waste;
 - availability and suitability of transport;
 - proximity and appropriateness of any treatment facility;
 - capacity of treatment facilities; and

- any need to keep a particular incinerator operating at a particular capacity level.

In addition to this list, [X] shall also be permitted to take account of any significant staff resourcing issues which render an STG brand or a Stericycle brand incapable of submitting the tender.

6. [X] will provide to the CC, before staff in either Stericycle or STG are advised about the tender and before the tender is submitted, reasons why the tender should be submitted by either STG or Stericycle, with reference to the principles set out above. If [X] has taken account of any staff resourcing issues in choosing which brand should submit the tender he should also provide to the CC a full explanation of the reasons why these staff resourcing issues mean that the tender cannot be submitted by an STG brand or a Stericycle brand, as appropriate. Staff in Stericycle or STG shall not be advised about the tender and the tender shall not be submitted until the CC's approval has been provided in writing. Such approval not to be unnecessarily withheld or delayed.

“In order to comply with Final Undertakings given to the Competition Commission by us, we are obliged to provide you the following information.

First, we are required by the terms of the Final Undertakings to dispose of the high temperature healthcare risk waste incinerator businesses carried on by Stericycle at Redditch, Salford and Wrexham in order to remedy the substantial lessening of competition (‘SLC’) identified by the Competition Commission in its Report *‘Stericycle International LLC and Sterile Technologies Group Ltd A report on the completed acquisition of Sterile Technologies Group Ltd by Stericycle International LLC’* (‘the Report’) published on 12 December.

Secondly, the Competition Commission wishes us to dispose of these businesses by the sale to a single purchaser of the companies that own them. However, the Commission may be prepared to allow the sale of the incinerator businesses at Redditch, Salford and Wrexham to more than one purchaser, or by way of an asset sale, or in part only, if it considers that in the light of all the circumstances that would be no less an efficient way of remedying the SLC.

Thirdly, we are required by the Competition Commission to tell you that, under paragraph 8 of the Final Undertakings, if you consider that the terms of sale that we offer you are not such as to enable you to compete in the supply of high temperature treatment services for healthcare risk waste you may make a representation to the Competition Commission. If, having considered any representation that we may make in response, the Competition Commission finds that the issues raised in your representation do need to be resolved to achieve an effective disposal it may direct us to alter the terms of sale or take such other steps as are necessary in all the circumstances.

If you wish to make a representation to the Commission under paragraph 8 of the Final Undertakings you should write to The Secretary to the Remedies Standing Group, Competition Commission, Victoria House, Southampton Row, London WC1B 4AD.

You will find a copy of the Final Undertakings and Report on the website of the Competition Commission at www.competition-commission.org.uk.”
