 - (a) the acquisition had resulted in the creation of a relevant merger situation and that the creation of that situation may be expected to result in a substantial lessening of competition (**SLC**) in relation to the markets for the provision of Managed Transmission Services and Network Access to television broadcasters and certain radio broadcasters within the UK and that the SLC may be expected to result in the adverse effects specified in paragraph 9.2 of the Report;
 - (b) the CC should take action to remedy, mitigate or prevent the SLC and any adverse effects flowing from it and to that end Undertakings should be given to give effect to the CC's decision on remedies specified in the Report.

4. The CC under section 82 of the Act now accepts the Undertakings as given by the parties, a copy of which is set out in the attached annex. The reference has now been finally determined and the Undertakings come into force accordingly.
5. This Notice and a non-confidential version of the Undertakings will be published on the CC website. The CC has excluded from the non-confidential version of the Undertakings information which it considers should be excluded having regard to the three considerations set out in section 244 of the Act. These omissions are indicated by [ⓧ]. The CC will contact all relevant customers separately with confidential versions of the Undertakings as appropriate.

For the purposes of this paragraph 1.2 control of a company shall mean having a controlling interest in that company or otherwise having the ability directly or indirectly to control or materially to influence the policy of that company for the purposes of section 26 of the Act.
- 1.3 Paragraph 1.2 shall not apply to any transfer where on completion of the relevant transfer the Macquarie Funds (whether directly or indirectly through members of a Macquarie Fund) will continue to have: (i) legal ownership of shares carrying more

than 50 per cent of the voting rights capable of being cast on a resolution before a general meeting of that company; (ii) the right to appoint or remove a majority of its board of directors of that company; and (iii) the ability to control the policy of that company for the purposes of section 26 of the Act.

 - 1.4.1 prevent Arqiva from carrying into effect or complying with the Undertakings;
 - 1.4.2 cause Arqiva to fail to comply with the Undertakings; or
 - 1.4.3 otherwise undermine the implementation of the remedies described in the Report and given effect to by the Undertakings.
- 1.5 Macquarie MCG International Limited shall procure that each member of the MCG group shall comply with paragraphs 1.2, 1.3 and 1.4 of these Undertakings in so far as relevant as if such subsidiaries had given them.

- 1.8 MCFEL undertakes that it will not exercise its rights and obligations as manager of MEIF II and MEIF III or otherwise knowingly take any step in a manner which will prevent MEIF II or MEIF III from carrying into effect or complying with, or cause MEIF II or MEIF III to fail to comply with, paragraphs 1.2, 1.3 and 1.4 of these Undertakings.
- 1.9 MUKBH shall procure that each member of the Arqiva group shall comply with these Undertakings in so far as relevant as if such subsidiaries had given them.
- 1.10 Arqiva shall not without the prior written consent of the Office of Fair Trading transfer any activities that are or may be material in relation to the carrying on of the Relevant Business Activities to a person that is not a member of the Arqiva group.
- 1.11 Paragraph 1.9 shall not apply to any sale of Transmission Equipment as provided for in paragraph 6 of these Undertakings or in the Existing Transmission Agreements listed in Appendix 9 of these Undertakings.

- 1.13 Where a request for consent is sought pursuant to paragraphs 1.2, 1.10 or 1.12, the Office of Fair Trading will consider any such request in light of the Report and will respond in writing as soon as is reasonably practicable having regard to the nature of the request.

- 1.14 Arqiva undertakes to ensure that the costs of ensuring compliance with these Undertakings, including the financing of the Adjudicator and Adjudication Scheme, will be borne by Arqiva.

Part A—Undertakings in relation to Existing Transmission Agreements

2. Offer to amend existing transmission agreements

- 2.1 Arqiva undertakes to offer each Customer changes to the terms of their Existing Transmission Agreement(s) as set out in paragraphs 3 to 7.
- 2.2 While similar proposals have been offered to each Customer, in order to reflect differences between the Existing Transmission Agreements and to maintain the confidentiality of those agreements, Arqiva undertakes to offer specific changes to:
 - 2.2.1 the BBC's Existing Transmission Agreements as set out in Appendix 3;
 - 2.2.2 D34's Existing Transmission Agreements as set out in Appendix 4;
 - 2.2.3 SDN's Existing Transmission Agreements as set out in Appendix 5; and
 - 2.2.4 the Analogue TV Agreements (save where covered by paragraph 2.2.1) as set out in Appendix 6.
- 2.3 In relation to each Existing Transmission Agreement:
 - 2.3.1 Arqiva undertakes to maintain the offer set out in this paragraph 2 from the Commencement Date up to and including the last day of the current term of that Existing Transmission Agreement;
 - 2.3.2 subject to paragraphs 3.1, 4.1, 6.1, 6.2, 7.1 and 7.3, the Customer may elect to accept any one or more of the changes set out in paragraphs 3 to 7 (as amended by the applicable Customer Appendix, if any) in any combination, in any sequence and at any time during the period provided for in paragraph 2.3.1; and
 - 2.3.3 to the extent that the Customer has not agreed to accept any part of the offer as described in this paragraph 2.3 within the period provided for in paragraph 2.3.1, Arqiva shall be released from such part of the offer in relation to that Customer.

3. Contract variations

- 3.1 Other than in relation to the Existing Transmission Agreements listed in Appendix 7 Arqiva will offer an amendment to the Existing Transmission Agreement to the effect that, where the Customer requests a change to or under the agreement (including termination of a particular service or Station), Arqiva shall promptly enter into good faith negotiations with the Customer in relation to the requested change. Any revision to the charges payable by the Customer under the relevant agreement shall be determined in accordance with paragraph 9 (*Charges for New Transmission Agreements*). Where the request relates to termination of a particular service or Station the revision to the charges payable by the Customer may include an element in respect of revenue lost by Arqiva (taking into account pre-existing contractual terms) as a result of the termination of the particular service or Station. In conducting negotiations with the Customer, including the calculation of any revised charges,

Arqiva shall respond as soon as reasonably practicable to each communication from the Customer.

- 3.2 Changes to or under the Existing Transmission Agreements listed in Appendix 7 shall be dealt with in accordance with the existing contractual provisions.

4. Service level availability

- 4.1 Arqiva shall not offer the amendment set out in this paragraph 4 in respect of any Existing Transmission Agreement listed in Appendix 8, as the build of the relevant network under that agreement has not been completed as at the Commencement Date.

- 4.2 The amendment offered by Arqiva will increase the contracted service availability level for Transmission Services under an Existing Transmission Agreement to a percentage level which reflects 50 per cent of the difference between:

4.2.1 the average service availability level actually achieved for the relevant contracted service over the three (3) year period immediately preceding 1 May 2008 (or where shorter, the period since completion of the build-out of the relevant network); and

4.2.2 the relevant level specified in the particular Existing Transmission Agreement.

5. Super credit arrangements

- 5.1 The amendment offered by Arqiva will introduce the following service credit regime as an alternative to the exercise of termination or step-in rights:

5.1.1 if Arqiva commits a Persistent Failure:

(a) the Customer may submit a Super Credit Notice to Arqiva;

(b) Arqiva shall have one (1) month following receipt of a Super Credit Notice from the Customer within which to rectify its poor performance as set out in the Rectification Process to the relevant service level (as amended pursuant to paragraph 4 (*Service Level Availability*), where applicable);

5.1.2 where Arqiva fails to rectify its poor performance as required under paragraph 5.1.1(b), then the Customer will be given the option to receive a super credit;

5.1.3 the level of this super credit shall be set at ten per cent (10%) of the fees payable by the Customer (excluding Wireless Telegraphy Act licence fees and, for those Existing Transmission Agreements listed in Appendix 10, excluding electricity charges) in relation to Transmission Services for all Stations in the Customer's network for the relevant licensed service in the twelve (12) months preceding the date of expiry of the one (1) month period referred to in paragraph 5.1.1(b). Payment of the super credit will be conditional upon the Customer waiving its right to terminate and/or step-in in respect of the relevant Persistent Failure;

5.1.4 any reductions in the annual fees which have occurred to reflect any operational service credits shall be disregarded for the purposes of calculating the super credit under paragraph 5.1.3;

- 5.1.5 acceptance of the super credit shall be without prejudice to any contractual right to terminate and/or step-in which may arise in future, provided that performance issues that have occurred prior to the date on which the liability to pay the super credit arose and which contributed to that liability shall be disregarded for the purposes of measuring Arqiva's performance under the relevant contractual mechanisms after that date; and
- 5.1.6 any liability of Arqiva for super credits will be in addition to any liability of Arqiva for operational service credits.

6. Sale of transmitter equipment

- 6.1 Other than in relation to the Existing Transmission Agreements listed in Part A of Appendix 9, Arqiva will offer an amendment to the Existing Transmission Agreement to the effect that:
- 6.1.1 a Customer may at any time between six (6) months and eighteen (18) months prior to the date of expiry of an Existing Transmission Agreement submit a written request to Arqiva to provide:
- (a) a detailed inventory of all Transmitter Equipment dedicated to that particular agreement, which shall include an indication of the cost of the Transmitter Equipment calculated in accordance with paragraph 6.1.4:
 - (b) a plan to facilitate transfer of ownership and control of that Transmitter Equipment to the Customer or its nominee upon expiry of that agreement;
- 6.1.2 Arqiva shall consult with the Customer in generating the transition plan and shall provide both the inventory and the transition plan referred to in paragraph 6.1.1 to the Customer within three (3) months following receipt of the Customer's written request;
- 6.1.3 following receipt of the information referred to in paragraph 6.1.1 and in any event at least two (2) months prior to expiry of the relevant Existing Transmission Agreement, the relevant Customer may provide a written request to Arqiva to: (i) implement the transition plan; and (ii) transfer all of the Transmitter Equipment to the relevant Customer (or their nominee); and
- 6.1.4 Arqiva shall implement this request upon expiry of the particular agreement, subject to payment by the Customer of the cost of the Transmitter Equipment calculated in accordance with any applicable direction issued by the Adjudicator pursuant to paragraph 13.4 and having regard to any applicable guidance issued pursuant to paragraphs 13.2 or 13.3.
- 6.2 Other than in relation to the Existing Transmission Agreements listed in Part B of Appendix 9, Arqiva will offer an amendment to the Existing Transmission Agreement to the effect that a Customer may exercise the rights described in paragraph 6.1 where it has served a notice to terminate an Existing Transmission Agreement as a result of Arqiva's default. In this event, the provisions of paragraphs 6.1.1 to 6.1.4 shall apply subject to the following amendments:
- 6.2.1 within five (5) working days following the date of the Customer's notice to terminate the agreement, the Customer shall submit a written request to Arqiva to provide the inventory of Transmitter Equipment referred to in paragraph 6.1.1(a) and the transition plan referred to in paragraph 6.1.1(b), receipt of which shall be acknowledged by Arqiva;

- 6.2.2 Arqiva shall provide the inventory and the transition plan to the Customer within one (1) month following receipt of the Customer's written request pursuant to paragraph 6.2.1;
- 6.2.3 the Customer shall submit a written request to Arqiva to: (i) implement the transition plan; and (ii) transfer all of the Transmitter Equipment to the relevant Customer (or their nominee) no later than six (6) months following receipt of the information pursuant to paragraph 6.2.2;
- 6.2.4 Arqiva shall have one (1) month following receipt of this request in which to implement it subject to the conditions set out in paragraph 6.1.4;
- 6.2.5 until such time as the transition plan is implemented and all of the Transmitter Equipment is transferred, the relevant Existing Transmission Agreement shall continue in full force and effect (save that no liability to pay supercredits will accrue following a notice to terminate) with Arqiva continuing to service the contract and the Customer continuing to pay the contracted charges; and
- 6.2.6 in the event that the Customer does not submit a written request to Arqiva within the timescale set out in either paragraph 6.2.1 or 6.2.3, then the Customer's right to purchase the Transmitter Equipment shall lapse and the provisions of paragraph 6.2.5 shall not apply.

7. Reduction in charges under existing transmission agreements

- 7.1 Arqiva shall offer the amendment set out in paragraph 7.2 in respect of each Existing Transmission Agreement, except for the BBC Digital Agreement, the D34 Agreement and the SDN Agreement.
- 7.2 The amendment to be offered by Arqiva shall provide each relevant Customer with a percentage discount on the contract price for Transmission Services. The discount shall not apply to Wireless Telegraphy Act licence fees and for the Existing Transmission Agreements listed in Appendix 10, the discount shall not apply to electricity charges, as electricity is charged separately under those agreements. The applicable discounts are as follows:
 - 7.2.1 for each Analogue TV Agreement and each Low Power DTT Agreement, the applicable percentage discount shall be 3.25 per cent; and
 - 7.2.2 for each Analogue Radio Agreement and each Digital Radio Agreement, the applicable percentage discount shall be 17 per cent.
- 7.3 Arqiva shall offer:
 - 7.3.1 the changes to the BBC Digital Agreement set out in Appendix 3, Parts C and D, paragraph 2 to the BBC;
 - 7.3.2 the change to the D34 Agreement set out in Appendix 4, Part B, paragraph 3 to D34; and
 - 7.3.3 the change to the SDN Agreement set out in Appendix 5, Part B, paragraph 2 to SDN,

which will have the effect of providing guaranteed price reductions to the BBC, SDN and D34, including an element which is equivalent, in aggregate, to a £50 million reduction in the budgeted total Network Access capital expenditure (including both

forecast capital expenditure and the uplift for contingencies) for Digital Switchover as set out in the Existing Television Reference Offer.

8. Right to renew existing radio agreements

- 8.1 Subject to paragraph 8.2, Arqiva undertakes in respect of each Radio Agreement (including any renewal or replacement agreement entered into pursuant to this paragraph 8.1) to maintain an offer up to the date of expiry of that agreement that the relevant Customer may, on expiry of that agreement, either:
- 8.1.1 renew that agreement insofar as it relates to Transmission Services on the same terms and conditions (as amended pursuant to these Undertakings); or
 - 8.1.2 enter into a New Transmission Agreement in accordance with paragraphs 9 (*Charges for New Transmission Agreements*) and 10 (*Terms and Conditions for New Transmission Agreements*) below.

9.5 Arqiva shall secure, and shall be able to demonstrate to the satisfaction of the Adjudicator, that each Customer or prospective customer under paragraph 9.1 has been provided with sufficient transparency and information regarding the basis for the calculation by Arqiva of charges proposed pursuant to the obligations in this paragraph 9, including the costs of provision and potential alternative network designs (including in relation to Network Access) to allow the Customer or prospective customer a reasonable understanding of the basis of the calculation of the proposed charges separately for:

9.5.1 each element of the service (including Network Access and MTS, unless agreed otherwise with the Customer or prospective customer); and

- 15.7 Arqiva shall provide the Adjudicator with each statement, evidence of board approval (which may be in the form of an extract from the minutes of the relevant meeting, a copy of a written resolution, a letter from the chairman of the Arqiva Board of Directors, or such other form as the Adjudicator deems acceptable) and a copy of the corresponding audit opinion, Arqiva's statutory accounts and the reconciliation of each statement to the relevant statutory accounts as soon as reasonably practicable, but no later than four (4) months following the end of the financial year to which they relate.
- 15.8 In the event that the auditor is unable to give an unqualified opinion, the Adjudicator may direct Arqiva to provide such further information as would enable the auditor to give an unqualified opinion.
- 15.9 Arqiva shall use all reasonable endeavours to obtain from the auditor any further explanation and clarification of any audit opinion provided pursuant to paragraph 15.6 and any other information in respect of the matters which are the subject of that audit opinion as the Adjudicator requires.
- 15.10 The Adjudicator may from time to time:
- 15.10.1 direct Arqiva to provide such financial information in addition to, or instead of, that specified in paragraph 15.1 as he considers reasonably necessary for the proper discharge of his functions;
- 15.10.2 direct Arqiva to amend the principles, methodologies and rules generated pursuant to paragraph 15.5 (and in so doing, the Adjudicator may take into account the views of the auditor);

The steps to measure this will be as follows:

- (a) for each Station within the Customer's network for the relevant licensed service, the number of actual minutes of weighted accountable non-availability (as per the relevant Existing Transmission Agreement) over the one month period will be divided by the number of permitted minutes of non-availability at the Station (the latter being calculated by reference to the relevant TTSA—eg the TTSA may be 99.8 per cent during specified hours for a particular Station);
- (b) each of the Stations within the Customer's network for the relevant licensed service will be given a Station weighting, reflecting the relative importance to the Customer of the Stations. The sum of the weightings for all Stations will equal 1. The Station weightings will be calculated by reference to the applicable per

Station charges where these are stated in the agreement. Where per Station charges are not stated, the weighting will be derived from the best available proxy in the agreement for deriving a per Station value. This may include using the value ascribed to each Station for the purposes of termination payments or the service credit weightings for 'standard' service credits;

(c) for each Station for the relevant licensed service, the availability ratio derived as set out above will be multiplied by the relevant Station weighting as described above. The scores for each Station will be aggregated. If the aggregate score is greater than 1, Arqiva will be liable to pay the super credit. If the aggregate score is 1 or less, Arqiva will have rectified its poor performance;

(d) where any network failure is caused by a service failure outside Arqiva's control, a distribution or multiplexing failure or a failure of electricity supply at a Station for which there is no permanent back-up generator on site, any resulting non-availability shall not form part of the calculation set out above;

Definitions

1. Except where the context otherwise requires or as otherwise defined herein, words and expressions used in this document shall have the same meaning as in the main body of these Undertakings given by Arqiva to the CC.

Application

2. This Adjudication Scheme shall apply in the circumstances set out in paragraph 13 of the Undertakings.

Appointment

3. Ofcom shall appoint one or more persons to the office of Adjudicator within two (2) months of the Commencement Date, after consulting with Arqiva and its customers in such manner as Ofcom considers reasonable.
4. The Adjudicator shall be independent, and in particular from Arqiva, Ofcom, Digital UK, the BBC, any commercial television or radio broadcaster in the United Kingdom or any body representing such broadcasters and all other parties to any dispute he is asked to decide upon. A person requested or selected to act as the Adjudicator shall have relevant experience of the broadcasting industry but shall not be an employee of or consultant to Arqiva, Digital UK, the BBC, any commercial television or radio broadcaster in the United Kingdom or any body representing such broadcasters, or an employee of Ofcom for the duration of his appointment. He shall be under an obligation to declare immediately any interest, financial or otherwise, in any matter relating to any dispute he is asked to determine.
5. The Adjudicator shall be appointed for any period or periods specified by Ofcom provided that his appointment shall terminate when all the relevant provisions of the Undertakings cease to be in force. Without prejudice to paragraphs 10 and 22(b) of the Adjudication Rules and paragraphs 13 and 19 of this Adjudication Scheme, Ofcom shall appoint a substitute Adjudicator to take account of the situation arising from the death, retirement, incapacity or resignation (whether permanent or in relation to one or more particular Disputes (as defined below)) of the Adjudicator after appointment.
6. Following the termination of his appointment, the Adjudicator shall: (a) not without Ofcom's consent be employed by or act as consultant or adviser to Arqiva, Digital UK, the BBC, any commercial television or radio broadcaster in the United Kingdom or any body representing such broadcasters for a period which will expire on the date which is six (6) months after the date of termination of the Adjudicator's appointment, and (b) not disclose to any person any confidential information or confidential document provided to him in connection with his appointment as Adjudicator.

Functions

7. The Adjudicator shall have the function of determining any dispute between (a) Arqiva and (b) any Customers, prospective customers or MTS Providers, arising out

of the interpretation or exercise of the rights given to, or obligations upon, such persons in relation to the matters set out in paragraph 13.6 of the Undertakings or his jurisdiction to determine the dispute (a **Dispute**). The Adjudicator shall reach his decision and deliver it in accordance with the Undertakings, the Adjudication Rules attached to the Undertakings and this Adjudication Scheme.

8. The Adjudicator shall have the function of issuing the following:
 - (i) guidance on the application of paragraphs 9 to 12 of the Undertakings. The guidance may relate to such matters as the Adjudicator considers are reasonably required, which may include (without limitation) the cost allocation methodology, the appropriate return on capital employed, the inflation adjustment mechanism, the asset valuation methodology and the depreciation methodology to be employed by Arqiva pursuant to paragraphs 9 and/or 11 of the Undertakings;
 - (ii) guidance on the application of paragraph 3 of the Undertakings;
 - (iii) guidance on the principles for valuing Transmitter Equipment in accordance with paragraph 6 of the Undertakings, which may include elements of the guidance issued pursuant to paragraph 8(i), above;
 - (iv) guidance and information on such other matters as the Adjudicator considers appropriate, which may include trends in pricing and costs, matters of process, dispute procedures and the process for reaching a determination,

(the **Guidance**). The Adjudicator shall publish such Guidance as soon as practicable following the Commencement Date and shall update the Guidance from time to time as he considers appropriate. In issuing or updating any Guidance, the Adjudicator shall consult with Arqiva, Ofcom, the Office of Fair Trading, purchasers of Transmission Services and Network Access and such other persons as the Adjudicator considers appropriate, and shall provide such persons with a reasonable opportunity to make representations.
9. The Adjudicator shall have the function of promoting transparency in relation to information on pricing and costs, where he considers this is in the interests of the industry.
10. The Adjudicator shall have the power to issue written directions in relation to any matter falling within the scope of his functions.
11. In addition the Adjudicator shall be under a duty to carry out such other functions as are provided for in the Undertakings.
12. In carrying out any of his functions the Adjudicator:
 - (i) shall have regard to the Report
 - (ii) shall, where relevant, take account of (but shall not be bound by) (a) Ofcom's statutory duties and (b) any relevant guidance or specific advice issued by Ofcom either prior to, on or after the Commencement Date;
 - (iii) shall act with a view to securing that there is no inconsistency between his decision and any direction, notification, determination made by the Director General of Telecommunications or Ofcom or any decision of the Competition Appeal Tribunal or CC pursuant to their respective powers under the

Communications Act 2003 which, in each case, is legally binding upon Arqiva at the time the Adjudicator takes his decision; and

- (iv) may take into account such other information as he considers relevant.
13. In the event that a substitute Adjudicator is appointed as a result of the original Adjudicator ceasing to be independent as described in paragraph 4 or for any other reason, any directions or decisions made by the original Adjudicator shall remain effective unless reviewed by the substitute Adjudicator in which case all time scales shall be recalculated from the date of the substitution.
 14. The Adjudicator may from time to time issue non-binding advice and information to any party in relation to the performance of any of his functions.
 15. The Adjudicator shall maintain an appropriate website where it will publish a non-confidential version of these Undertakings including the Adjudication Scheme and the Adjudication Rules (as amended from time to time) and any other material required to be published under these Undertakings.

17. The budget for the total costs of the Adjudicator and his office shall be set by Ofcom as follows:
 - (a) the initial budget for the period from the Commencement Date until 31 March 2009 shall be set by Ofcom having consulted with Arqiva in such manner as Ofcom considers reasonable;
 - (b) the budget for each year commencing 1 April thereafter (annual period beginning 1 April and ending 31 March of the following year), shall be set by Ofcom in advance of the annual period having consulted with the Adjudicator, Arqiva and its customers in such manner as Ofcom considers reasonable,(together the **Budget**). Such Budget will be for an amount sufficient in the view of Ofcom alone to enable the Adjudicator properly to discharge his functions in an effective and timely manner and will also cover the costs of recruitment or engagement of any staff or advisers that the Adjudicator may appoint (and the appointment of any substitute Adjudicator). Ofcom shall review the initial Budget set pursuant to paragraph (a) on a quarterly basis having consulted with the Adjudicator and Arqiva in such manner as Ofcom considers reasonable. Following such review, Ofcom may revise that Budget where Ofcom considers this is necessary in order to enable the Adjudicator properly to discharge his functions. Any Budget set pursuant to paragraph (b) may be revised by Ofcom on one or more occasions during the period covered by the Budget, after having consulted with the Adjudicator, Arqiva and its customers, where Ofcom considers this necessary in order to enable the Adjudicator properly to discharge his functions.
18. Ofcom shall pay all such remuneration, travelling and other allowances, pension, gratuities, contributions or payments and costs of the Adjudicator and his office as set out in paragraphs 16 and 17 in the first instance. such costs on demand as directed by Ofcom without prejudice to paragraphs 31 and 33 of the Adjudication Rules. In this paragraph 18, the term 'Ofcom' shall also include any company wholly owned by Ofcom.

31. If information is disclosed in the circumstance described in paragraph 30(b) so that it is not made available to the public, it must not be further disclosed by a person to whom it is disclosed other than with the agreement of the Adjudicator for the purpose of facilitating the functions of the Adjudicator under the Undertakings.
32. Information disclosed in the circumstance described in paragraph 30(c) must not be used by the person to whom it is disclosed for any purpose other than a purpose relating to a function of that person under or by virtue of the Act, the Undertakings or the Communications Act 2003.
33. Before disclosing, or directing Arqiva to disclose, any specified information, the Adjudicator is required to have regard to the following three considerations:
 - (a) the need to exclude from disclosure (so far as practicable) any information whose disclosure the Adjudicator thinks is contrary to the public interest;
 - (b) the need to exclude from disclosure (so far as practicable):

- (i) commercial information whose disclosure the Adjudicator thinks might significantly harm the legitimate business interests of the undertaking to which it relates; or

In the case of any inconsistency or conflict between the provisions of the Adjudication Scheme and the Adjudication Rules, the provisions of the Adjudication Scheme will prevail; and, in the case of any inconsistency or conflict between the provisions of either or both of the Adjudication Scheme and the Adjudication Rules and the Undertakings, the provisions of the Undertakings shall prevail.

Notice of Adjudication

4. Any Customer, prospective customer or MTS Provider referred to in paragraph 13.6 of the Undertakings who:
 - (a) accepts the offer set out in paragraph 13.6 of the Undertakings; and
 - (b) agrees to be bound by the Adjudication Scheme and the Adjudication Rules and any relevant guidance issued by the Adjudicator under paragraph 8 of the Adjudication Scheme,

(the **Referring Party**) may apply to the Adjudicator, by giving written notice (the **Notice of Adjudication**). The Notice of Adjudication shall request the Adjudicator to determine any dispute between (a) Arqiva and (b) the Referring Party, arising out of the interpretation or exercise of the rights given to, or obligations upon, such persons in relation to the matters set out in paragraph 13.6 of the Undertakings, the interpretation of any provision of the Adjudication Scheme or the Adjudication Rules, or his jurisdiction to determine the dispute (a **Dispute**). Where a Referring Party has requested the Adjudicator to determine a Dispute, it cannot refer that same Dispute to any form of expert determination or third party adjudication under any dispute resolution procedure provided for in an Existing Transmission Agreement, and vice versa save that these Adjudication Rules shall operate without prejudice to the statutory rights of any person under the Act, the Competition Act 1998, the Broadcasting Acts 1990 and 1996, the Communications Act 2003 (including the dispute resolution provisions at sections 185 to 191) and the Wireless Telegraphy Act 2006 each as amended from time to time.

5. The Notice of Adjudication and all accompanying documents shall at the same time be given by the Referring Party to every other party to the Dispute.
6. The Notice of Adjudication shall set out briefly:
 - (a) the nature and a brief description of the Dispute, details of the contract under which it arises, if any (and of any related contract) and of the parties involved, and shall be accompanied by copies of the relevant contract or contracts and such other documents as the Referring Party intends to rely upon. Although the Referring Party must send copies of all such documents to the Adjudicator with the Notice of Adjudication, in sending the Notice of Adjudication to the other parties to the Dispute only, it may omit any such copies or redact them (and the Notice of Adjudication) for reasons of commercial confidentiality, subject to the right of the Adjudicator to direct disclosure of any such material to the other parties if he deems it appropriate, having given the party desiring confidentiality the opportunity to make further representations on this issue. The fact that redacted copies of any documents have been served on other parties to the Dispute shall be drawn to the attention of the Adjudicator when the Notice of Adjudication is given to him, together with copies of any such redacted documents;
 - (b) details of where and when the Dispute has arisen;
 - (c) the nature of the redress which is sought;
 - (d) the names and addresses of the parties to the Dispute (including, where appropriate, the addresses which the parties have specified in any contract for the giving of notices); and
 - (e) the steps which the Referring Party has taken to engage in commercial negotiations with Arqiva on the subject matter of the Dispute, which shall be accompanied by evidence of any commercial negotiations which have been conducted or, where no such evidence exists due to a refusal or constructive refusal by Arqiva to negotiate, evidence of refusal or constructive refusal.
7. The Adjudicator shall confirm in writing within three (3) working days of receiving a Notice of Adjudication whether or not:
 - (a) he is able to act; or
 - (b) he considers the Notice of Adjudication discloses no reasonable grounds for him to act and/or the Notice of Adjudication is incomplete in a material respect and/or the Referring Party has not taken reasonable steps to engage in commercial negotiations with Arqiva with a view to resolving a dispute bilaterally and/or it is an abuse of the Adjudication Scheme and/or the Adjudication Rules for him to proceed to determine the Dispute. If he so considers, the Adjudicator shall issue a written, reasoned decision to the parties.
8. If all or part of the subject matter of a Dispute is or becomes the subject matter of a dispute which Ofcom has decided it is appropriate to handle under section 186 of the Communications Act 2003 the Adjudicator shall not act or continue to act in relation to such Dispute until Ofcom has made a determination on the relevant subject matter pursuant to section 190 of the Communications Act 2003.
9. The Adjudicator shall send copies of each Notice of Adjudication to Ofcom within two (2) working days of receipt.

10. The Adjudicator shall resign from determining any particular Dispute or Disputes as soon as:
 - (a) he becomes aware of a conflict of interest; or
 - (b) he becomes aware that he is not competent to decide the Dispute.
11. Where in relation to a particular Dispute the Adjudicator indicates to the parties that he is unable to act, or where he resigns pursuant to paragraph 10, or fails to respond in accordance with paragraph 7, the Referring Party may request Ofcom to, or Ofcom may on its own initiative, select a person to act as substitute Adjudicator.
12. The Adjudicator may:
 - (a) adjudicate at the same time on one or more Disputes under the same contract;
 - (b) with the consent of all the parties to any related Disputes, adjudicate at the same time on such related Disputes under different contracts, and shall do so where different contracts provide for joinder of Disputes.
13. The Adjudicator shall within seven (7) working days following receipt of a Notice of Adjudication publish a statement determining the scope of the Dispute. The Adjudicator shall consult with the parties prior to publishing such statement and will have regard to any representations made about confidentiality.

Notice of Reply

14. Unless the Adjudicator otherwise directs, within ten (10) working days of publication of a statement under paragraph 13 above, the other party or parties shall give a Notice of Reply. This shall contain their response to the Notice of Adjudication and be accompanied by copies of any documents upon which the other party or parties intend to rely. Although the other party or parties must send copies of all such documents to the Adjudicator with the Notice of Reply, in sending the Notice of Reply to the Referring Party and any other party to the Dispute, it or they may omit any such copies or redact them (and the Notice of Reply) for reasons of commercial confidentiality. The fact that redacted copies of any documents have been served shall be drawn to the attention of the Adjudicator when the Notice of Reply is given to him together with copies of any such redacted documents. The Notice of Reply shall be served by the relevant party on the Adjudicator, the Referring Party and any other party to the Dispute simultaneously.

Powers of the Adjudicator

15. The Adjudicator shall act fairly and impartially in carrying out his duties and shall do so in accordance with the Adjudication Rules, the Adjudication Scheme, the Undertakings and any relevant terms of any contract, having regard to the relevant Budget, and shall reach any decision concerning a Dispute as expeditiously as possible in accordance with the applicable law in relation to the contract or Dispute.
16. The Adjudicator shall take the initiative in ascertaining the facts and the law necessary to determine the Dispute, and shall decide on the procedure to be followed. In particular he may:
 - (a) request further comments from either of the parties on the Notice of Adjudication or Notice of Reply;

- (b) request any party to the Dispute to create and supply him with such documents and information as he may reasonably require (other than documents that would be privileged from production to a court) including, if he so directs, any written statement from any party to the Dispute supporting or supplementing the Notice of Adjudication or Notice of Reply and any other documents given under paragraphs 6(a) and 14, and to draw such inference as may seem proper from any imbalance in such documentation that may become apparent;
 - (b) meet and question any of the parties to the Dispute and their representatives;
 - (c) obtain and consider such representations, submissions and other external information as he requires, including from the Office of Fair Trading or Ofcom and appoint experts, assessors or legal advisers;
 - (d) give directions as to the timetable for the adjudication, any deadlines, or limits as to the length of written documents or oral representations to be complied with; and
 - (e) issue other directions relating to the procedure and timetable for the adjudication and the conduct of the adjudication generally.
17. The parties shall comply with any request or direction of the Adjudicator in relation to the adjudication.
18. If, without showing sufficient cause, a party fails to comply with any request, direction or timetable of the Adjudicator made in accordance with his powers, fails to produce any document, information or written statement requested by the Adjudicator, or in any other way fails to comply with a requirement under these provisions relating to the adjudication the Adjudicator may:
- (a) continue the adjudication in the absence of that party or of the document, information or written statement requested;
 - (b) draw such adverse inferences from that failure to comply as may, in the Adjudicator's opinion, be justified;
 - (c) make a decision on the basis of the information before him attaching such weight as he thinks fit to any evidence submitted to him outside any period he may have requested or directed; and
 - (d) refuse to determine the matter or matters in dispute.
19. Subject to any agreement between the parties to the contrary, any party to the Dispute may be assisted by, or represented by, such advisers or representatives (whether legally qualified or not) as it considers appropriate.
20. The Adjudicator shall consider all documents and information submitted to him by any of the parties to the Dispute and such other information as he considers relevant and shall make available to them any documents and information to be taken into account in reaching his decision (subject to any omissions or redactions he considers appropriate for reasons of commercial confidentiality).
21. Unless the Adjudicator considers that there are special reasons why it cannot do so, or the Adjudicator and all parties to the dispute agree an alternative time period, the Adjudicator shall give his decision not later than:

- (a) 20 working days after the date of the Notice of Reply; or
 - (b) 60 working days after the date of the Notice of Reply where the Adjudicator considers that the nature and complexity of the Dispute warrants a longer time frame.
22. Where the Adjudicator fails, for any reason, to deliver his decision in accordance with paragraph 21):
- (a) any of the parties to the Dispute may serve a fresh Notice of Adjudication under paragraph 4 and shall request Ofcom to name a substitute Adjudicator to determine the Dispute in accordance with these Rules; and
 - (b) if requested by the substitute Adjudicator, and in so far as it is reasonably practicable, the parties shall supply him with copies of all documents and information which they had made available to the previous Adjudicator.
23. As soon as possible after he has reached a decision, the Adjudicator shall deliver a copy of that decision to each of the parties.

Adjudicator's Decision

24. Pursuant to paragraph 21, the Adjudicator shall decide in such manner as he sees fit on all the matters which he has determined to be within the scope of the Dispute. Subject to paragraph 25, the Adjudicator may take into account any other matters which the parties to the Dispute agree should be within the scope of the adjudication, or which are matters which he considers are necessarily connected with the Dispute, but only insofar as such matters relate to the subject matter of the Dispute as identified in the Notice of Adjudication.
25. In deciding any Dispute as to whether any terms or conditions offered or provided by Arqiva are reasonable, the Adjudicator may take account of:
- (a) whether the terms or conditions offered or provided are any less favourable to the relevant customer than the relevant terms and conditions contained in any other agreement for equivalent or similar Transmission Services (with the exception of terms and conditions which (i) relate to credit vetting and payment terms (excluding pricing), or (ii) are inconsistent with these Undertakings) where the dispute arises pursuant to paragraph 9.1 of the Undertakings; and
 - (b) whether the terms or conditions offered or provided are any less favourable to the relevant customer than the relevant terms and conditions on which Arqiva supplies similar or equivalent Network Access to itself, its Affiliates or any other third party (with the exception of terms and conditions which relate to credit vetting and payment terms (excluding pricing)) where the dispute arises pursuant to paragraph 11.1 of the Undertakings.
26. In the absence of any directions by the Adjudicator relating to the time for performance of his decision, Arqiva and the other parties to the adjudication (the **Other Parties**) shall be required to comply with any decision of the Adjudicator immediately on delivery of the decision to the parties.
27. The Adjudicator shall provide a written decision including reasons for his decision. The decision of the Adjudicator shall be published on its website.

Effects of Decision

28. The decision of the Adjudicator shall be final and binding on Arqiva and the Other Parties, except in the case of fraud, or where a decision is made in bad faith or is so clearly and manifestly erroneous on its face that it would be unconscionable for it to stand.
29. An award or decision of the Adjudicator may, by leave of the court, be enforced in a summary manner.
30. Where leave is so given, judgment may be entered in terms of the award or decision.

Costs of Adjudication

31. The fees and expenses of the Adjudicator shall be paid directly and in the first instance by Ofcom (or a company wholly owned by Ofcom), but Arqiva shall be responsible for all such fees and expenses (giving credit for any fee paid by the Referring Party) in accordance with paragraph 1.14 of the Undertakings and the Adjudication Scheme and shall reimburse Ofcom (or a company wholly owned by Ofcom) for all such costs on demand as directed by Ofcom without prejudice to paragraph 33 below.
32. The Adjudicator may in his discretion direct that Arqiva shall bear all or a proportion of the legal costs and expenses of the adjudication incurred by any one or more of the Other Parties. Such legal costs and expenses may, without limitation, include the following, which are agreed to be genuine pre-estimates of the actual costs that these parties are likely to incur, including overheads (subject to review and variation by the Adjudicator in his discretion):

 - (c) consultancy fees and disbursements on an indemnity basis;
 - (d) external legal fees and disbursements on an indemnity basis; and

33. The Adjudicator may in his discretion decide that in exceptional circumstances, it is appropriate for any one or more of the Other Parties to bear the costs of the

adjudication, or for such party or parties to bear a proportion of such costs. Such costs shall include the fees and expenses of the Adjudicator and the fees and expenses of any witnesses in relation to the Dispute, and the legal costs and expenses properly incurred by the parties relating to the adjudication.
