

Submission from Woolfold News – 29th August 2006

Tesco Monopoly

FAO Tim Oylar

We are an independent newsagent in the Bury area of Greater Manchester and are presently facing the threat of Tesco Express opening a store very near to us. This would of course be seriously damaging to ours and other businesses in this locality.

Tesco will then have a strong presence on three arterial routes out of Bury and we feel they are slowly gaining a monopoly on convenience shopping in the area.

Is this situation something you would look at and would you consider making a representation to the Planning Department of Bury Council.

We look forward to hearing from you.

Regards
Barry & Sylvia Higginbottom
