

**Submission of Mr David Henry, Managing Director of Rapture TV PLC,
dated 2 October 2007**

Please note my objection to the BSkyB purchase of ITV shares and I would recommend that BSkyB be forced to sell all shares in ITV without delay. Furthermore BSkyB should be forbidden to extend its influence to any and all other broadcasters/content providers and should certainly not be allowed to launch its technology on any other platforms in the UK. This would at least help reduce the risk of future abuse by BSkyB.

David Henry
